

Curriculum vitae

Han Hendriks

Chief Technology Officer

Yanfeng Automotive Interiors

Han Hendriks is Chief Technology Officer at Yanfeng Automotive Interiors (YFAI). Born in the Netherlands, he acts as a global innovator responsible for the company's technology and innovation vision and strategy as well as the development of new products from the initial idea to the market launch. In addition he is responsible for global sales of the innovations. YFAI has its headquarters in Shanghai and carries out its European business from Neuss.

Han Hendriks was born in 1965 in Helmond (the Netherlands) and has more than 25 years of experience in the electronic and automotive industry. Since 1999 he has occupied various management posts at Johnson Controls. These included his work as Vice President Product Development Interiors and General Manager, Europe Region. Before this he acted as Vice President, Global Product Center, Instrument Panels/Cockpit Systems.

Before starting work at Johnson Controls, Han Hendriks worked for companies such as Fluke (Danaher) and Oce (Canon).

Hendriks holds a Bachelor of Fine Arts in Product Design from the Academy of Applied Arts in Maastricht. He also successfully completed a post-graduate Industrial Design program at the Università Dell 'Arte in Florence. In addition he gained a Masters qualification in Business Administration at the University of Westminster in London. Han Hendriks has lived and worked in the Netherlands, the USA, Germany and Italy. He speaks Dutch, German, English and Italian.
